

## COMPANY OVERVIEW

Welcome to **JM Demolition LLC**, where strength meets precision. As a proud female veteran-owned demolition company, we combine military discipline with innovative expertise to deliver high-quality services in the construction industry. Our team is committed to excellence, ensuring each project is completed with precision, safety, and professionalism. At JM Demolition, we take pride in promoting diversity and empowerment, standing out in a field traditionally dominated by men.

**JM Demolition LLC** delivers precise and efficient demolition services with a commitment to safety and environmental responsibility. Fully compliant with state and federal guidelines, including OSHA regulations, we bring expertise in environmental assessments, site preparation, and structural engineering to every project. Our capabilities extend beyond demolition, incorporating excavation, site work, disaster relief, and specialized services such as concrete cutting and electrical work. As a Lead Renovation Certified company, JM Demolition ensures that each project is executed to the highest standards, providing seamless, sustainable solutions that meet the needs of both government and commercial clients.

At **JM Demolition LLC**, our mission is to set new standards in demolition through excellence, integrity, and innovation. We emphasize safety and sustainability, ensuring each project supports both new developments and the well-being of the environment and communities we serve.
